MORRIS

RUTHERGLEN

Excellence since 1859. Crafted for today.

Established in 1859, the Morris family winery is one of the most acclaimed fortified producers in the world.

Craftsmanship in blending, aging and creating world-class fortified wine has been passed down through six generations of the family, allowing Morris to truly master the creation of extraordinary flavour in winemaking and Australian single malt whisky.

The unique and distinctive Morris of Rutherglen flavour comes from unrivalled access to fortified wine barrels for finishing the whisky, barrels which have held the world's most highly-awarded fortified wines.

In 2016, the distillery was built around the original copper still built in the 1930s and installed at the Morris winery in 1941.

Today, we combine decades of tradition, our heritage still and ancient fortified casks with contemporary techniques to create wines and whisky that is a true expression of time and place.

Agricultural Society President's Welcome:

The Rutherglen Ag Society welcomes you all to the show again this year, being the *135th Annual Show* and the only Ag Show within Indigo Shire - a tradition we are proud to continue.

After the tremendous success of last year's show, the Ag Society will again be making **gate entry to the show free to all** who attend. We hope this will allow more people once again to visit the show and enjoy the wonderful displays, activities, stalls and competitions on offer.

This year, once again, many volunteers are working hard to see that events and competitions both outside and in the pavilion return better than ever and that we also have some new offerings to provide entertainment and fun for everyone including the Scarecrow competition, Home Brew classes, The Bubble Man, and the Great Team Challenge – make sure you enter your team!

We've made a few changes and inclusions to the Pavilion Classes, to make it better than ever.

Our Horse program should be a great spectacle on the main arena again, commencing at 8.30am, with the Fun Ring available for the young ones with lots of activities. We also welcome back the Colonial Clydesdales team with their wagon rides, Murray River Calisthenics Group display, the ever-popular face painters, Black Snake Productions and Hay Ho Animal Nursery.

We have the old favourite back again, the *Morris of Rutherglen Woodchop* competition for your enjoyment, make sure you take some time to watch.

Of course, we couldn't provide the entertainment that we do without tremendous support from the many businesses and individuals within our community, and once again we thank our **Major sponsors Morris of Rutherglen** for their valuable contribution.

We hope you have an enjoyable day!

Greg Lumby

We must also mention and deeply thank, Heather Williams, who has made a massive contribution to the pavilion, the show in general and the Society – her work alongside her husband John has been instrumental in the endurance of the Annual Show.

COFFEE KISSES RECIPE

Credit to: Author LIZ HARFULL, Cook Book "BLUE RIBBON" – a compilation of show-winning recipes.

Recipe

185 g ($1\frac{1}{4}$ cups) SR flour
pinch of salt
90 g butter
60 g ($\frac{1}{4}$ cup) castor sugar

1 egg
1 dessertspoon coffee essence
 $\frac{1}{2}$ teaspoon vanilla essence
jam or icing

Preheat the oven to moderately hot (200 °C in a conventional electric oven).

Sift together the flour and salt. Cream the butter and sugar in a small bowl until light and fluffy.

In a separate bowl, beat the egg, then add the coffee and vanilla. Gradually add the egg mixture to the butter and sugar. Stir in the flour to make a stiff consistency.

When the dough is well mixed, use a teaspoon to drop it on a greased oven tray. Bake for 8–10 minutes.

Place on a cake rack to cool. When cold, join two halves together with jam or icing. Sprinkle the top with a little icing sugar.

MAKES ABOUT 12 COMPLETED KISSES.

Tips from the cook

- Try using a bit less sugar, which can also help make the texture finer for showing.
- Mavis likes joining them with strawberry jam.
- If you are using salted butter you might not need to add extra salt.
- You don't have to use castor sugar in this recipe, ordinary white sugar will do.

More Baking Tips:

- Well-cooked and dry
- No scorching of the edges or over colouring
- Pale golden on top & base
- The texture should be short & light
- Flavour – both biscuit & filling should be sweet

How Many to Present:

Please choose your best 6 to carefully present on a plate.

Tips from the judges

- The kisses should be uniform in size and shape, slightly domed, with the pairs matching exactly.
- The layer of filling must be even and the finish smooth, with no loose flour.

AVIAN INFLUENZA (BIRD FLU)

Current situation

Last updated 13 June 2025

There have been no new cases of H7N8 high pathogenicity bird flu since late February 2025.

As a consequence of successfully implementing disease eradication activities, quarantine has been revoked on the 4 infected properties near Euroa and the control order surrounding the area has been lifted.

There are no longer movement restrictions around the Euroa area.

This progress is a significant step towards establishing Australia's claim to freedom from high pathogenicity avian influenza.

Any suspicion of an emergency animal disease (EAD) should be immediately reported to the 24-hour EAD Hotline on [1800 675 888](tel:1800675888) or to your local vet.

Keeping poultry safe at bird shows

Bird shows are not allowed within the control area during an outbreak.

Outside this area, bird shows are a great opportunity for breeders and exhibitors to showcase breeds and compete for coveted titles. However, disease can spread because of close contact between birds and handlers from different locations.

Biosecurity measures at bird shows to help prevent the spread of diseases include:

- Don't bring any birds to the show if there's illness in the home flock.
- Clean and disinfect all bird equipment, cages and containers before and after shows.
- Judges and handlers should disinfect hands between birds where possible. Exhibitors should only handle their own birds.
- Ensure you quarantine show birds for 14 days before they're reintroduced to the home flock.
- Keep records of bird movements to assist traceback in the event of a disease outbreak.

TENT PEGGING COMPETITION

Event commences at 1.30pm

Park side of Main Arena

Presented by Victorian Tent Pegging Association

Don't miss the chance to see a tent pegging demonstration by some of Australia's best representatives including local Donna Davidson.

What is tent pegging?

Tent pegging is a cavalry sport of ancient origin and is one of only ten equestrian disciplines officially recognized by the International Equestrian Federation.

According to the Federation, it is believed that tent pegging originated in India in the middle ages in the battlefields as a tactic used by the horsed cavalry against elephant mounted troops.

It is certainly related to the idea that cavaliers mounting a surprise pre-dawn raid on an enemy camp could use their skills to sever or uproot tent pegs, thus collapsing the tents on their sleeping occupants and causing havoc and terror in the camp.

The specific game of tent pegging has a mounted horseman riding at a gallop and using a sword or a lance to pierce, pick up, and carry away a small ground target (a symbolic tent peg) or a series of small ground targets.

The broader class of tent pegging games also includes ring jousting (in which a galloping rider tries to pass the point of his weapon through a suspended ring); lemon sticking (in which the rider tries to stab or slice a lemon suspended from a cord or sitting on a platform); quintain tilting (in which the rider charges a mannequin mounted on a swivelling or rocking pedestal); and Parthian (i.e. mounted) archery.
